**Submitter Comments:**

Me and my family are begging you to PLEASE STOP SELLING glue traps. They are completely inhumane and unethical and cause unimaginable pain and suffering to innocent animals. No animal should have to endure this kind of death. The animals killed in these traps feel pain just as our own pets do. What kind of society are we to allow this torture? NOW is the time to STOP selling glue traps so that not one more helpless animal has to suffer a horrendous death on your behalf.
