The Banning of glue traps an archaic and cruel implement of indiscriminate torture and unnecessary suffering to millions of animals caught in these deadly traps.They are cheap easily purchased and cause many intentional and unintentional victims a long horrendous and barbaric death dying slowly trying to free themselves they leave pieces of their bodies behind it is disgusting and inhumane. People use them indiscriminately or with no idea what they are doing causing suffering and death to the intended victims and all the unintended victims that they catch. This is worthy of a torture implement of the dark ages and should be banned immediately.
