

## Inquiry into the Animal Care and Protection Amendment Bill 2022

**Submission No:** 1111  
**Submitted by:** Jody Mahnken  
**Publication:** Make my submission and my name public  
**Attachments:** See attachment  
**Submitter Comments:**

I object to all glue traps as they kill native wildlife. I want all glue traps banned as they are inhumane and indiscriminate.

They are currently easily available and people don't use them properly or check them often, leaving animals to die a long painful death

One can not rescue wildlife from glue traps without harm to that animal.

Ban all glue traps!

Thank you for listening and preventing the death of native wildlife, and saving animals from a long painful death.
