**Submitter Comments:**

I ask you to disallow the sale and use of glue traps. They are cruel, indiscriminate and inhumane in the extreme. We are in an extinction crisis right now in Australia. Our biodiversity is diminishing and constantly at risk. It is ludicrous to add another threat to what is irreplaceable, and upon which we depend for our existence. Please repudiate the twisted so-called logic behind the sale and use of these traps. Ban their sale. Ban their use.
