I am writing to ask that you please ban glue traps as they are inhumane and indiscriminate in what they catch. They are currently way too easily available and people don't use them properly or check them often, leaving animals to potentially die a long painful death. I am writing to you as I volunteer at a wildlife rescue place in WA and have personally seen the impact from glue traps on our local wildlife. I have cared for small honeyeaters that have been rescued but have lost many of their feathers. It is painful for them at best. It is heartbreaking to see the state they can end up in and it is just so unnecessary to use them. Please ban glue traps! Thank you for your time.
