To Whom it May Concern.

My name is Jane Paul, [REDACTED].

I would like to have my objection to all glue traps recorded as I believe it is possible to have done by emailing you.

Glue traps are a heinous invention, they are inhumane and indiscriminate. Many animals die a slow and painful death and some animals that are caught in these traps are even those that are endangered. I have had a lifetime of being with animals and have a good knowledge of Australian and other fauna. No matter how much care may be taken by those using these traps a bad death cannot be avoided. I realise many traps such as poisons and other traps are used but none have the potential for an animal that is not targeted of being caught instead.

Please remove all such traps from all wholesale and retail outlets and have them banned. Also please include the ban in their use in the above legislation.

Many thanks for your kind attention.

Yours sincerely
Jane Paul
