Subject: Review of Animal Care and Protection Amendment Bill - Ban use of glue traps
Date: Monday, 30 May 2022 8:48:34 PM

Dear Committee,

I would like to bring to your attention the continued sale and availability of glue traps by stores such as Bunnings that should be banned as they are inhumane and indiscriminate with wildlife needing to be rescued from them because they are not used properly or people do not check them often, resulting in animals dying a long painful death.

I strongly urge you to review the impact on wildlife, particularly the use of glue traps, as part of your review of animal cruelty laws. We need to significantly improve the treatment of animals and how we care for our wildlife by Government as there is only so much that individuals can do at the grass root level.

Thank you for your consideration to ban the use of glue traps to protect and care for our vulnerable wildlife.

Kind regards,
