### **Submitter Comments:**

I own a Staffordshire Bull Terrior and she is the SWEETEST dog I have ever known. Every Staffy I've ever met has a heart of gold. You have stigmatised so many breeds, including Staffies, rather than address any pertinent issue. Most of the dogs listed are rare in Australia and even if they were common, why are you not addressing responsible pet ownership and RECKLESS backyard breeding.

I've been a life long ALP voter but there is NO chance I'll be voting for you next year. This government is a short sighted, sorry joke.
