Dear Jonty Bush MP,

To the State Development and Regional Industries Committee, CC my local MP:

I'm writing to express my support for the Queensland Climate Transition Bill 2023. I want a climate transition plan for Queensland that's consistent with the science and leaves no one behind.

CUSTOMISE YOUR SUBMISSION - WHY DO YOU CARE ABOUT A PLAN FOR REAL CLIMATE ACTION IN QLD?

I'm incredibly disappointed that the State Government is still supporting new coal and gas and has no timeline to phase out fossil fuel exports.

Our exports are a huge contributor to the climate crisis, and the most recent IPCC report tells us that some communities and ecosystems likely will not survive if we don't limit global heating to 2 degrees. The world's leading scientists have told us that means no new coal or gas, and an urgent phase out of all fossil fuels.

I was pleased to see the Government promise a fair transition plan for power station employees as we move to renewable energy, and urge you to extend that commitment to the resources sector.

If we don't make these changes Queenslanders will see more floods, fires and heatwaves, higher grocery prices, skyrocketing insurance premiums and sudden job losses.

I urge you to support the passage of the Queensland Climate Transition Bill 2023.

Yours sincerely,
