**Subject:** A plan Submission on the Queensland Climate Transition Bill 2023

**Categories:** Submission

To the State Development and Regional Industries Committee:

I DO NOT support the Queensland Climate Transition Bill 2023. I do not believe that it is economically viable to phase out fossil fuels for several decades. Renewable energy is too expensive and requires too much money in government subsidies. It is crucial that new coal and gas exploration continues.

I urge you to NOT support the passage of the Queensland Climate Transition Bill 2023.

Yours sincerely,

[REDACTED]
