Parliament House  
George Street  
Brisbane Qld 4000

I would like to know why business pays more to use Toll Roads over general public, we go through tolls more often than general public and pay more for the privilege, I feel this is just a plain outright rip off and a burden on business. As a small business I feel as though the toll companies know we will use the roads to save time and it is a easy way to increase their profit at the expense of all businesses in South East Queensland.

*Best regards*
