Dear Sir or Madam

I wish to submit the following email to this enquiry about Road Tolls

It seems that governments have been using road tolls to ease there costs in the building new roads and clear ways by using road tolls.

As a road user I find it hypocritical that governments make motorists high registration fees and road tax on petrol and still claim high road tolls to pay for these roads.

They should stop spending our taxes and Motor registration on other requirements and spend more of this tax roads to alleviate the cost of tolls.

Regards

Reginald Young
