Subject: Inquiry into the operations of Toll Roads in Queensland Submissions

Dear Committee Secretary

I am a concerned citizen and wish to express my concern that toll road changes are excessive and unfair.

Also I feel that it is no fair to Australia that these companies from outside Australia are pocketing these funds which are going offshore

I would like to see a more affordable and fairer systems and the funds come back to our own country.

I look forward to hearing from you,

Sincerely

John Cantarella
