Dear secretary,

On two occasions I was charged for entering a tolled tunnel.

I did enter at the Toombul end at 21.20.40 on the 30th of April 2017, however the toll company had me in the same vehicle entering another tunnel at the RB&WH end at 21.17.05 on the same day. The old ute could not perform miracles and avoid speeding fines to do this amazing practice.

Next I entered the tunnel at Kedron and Toombul at the exact same time of 15.20.27 on the same day of the 1st of July 2017. If only the ute could traverse time.

It took months to get my money back. A few phone calls and scanned copies of the bills to convince the company they were wrong.

I scrutinize the bills thoroughly waiting for the next stupid act of computer skullduggery.

Regards,

Peter Baker
