George Street  
Brisbane Qld 4000

Dear Sir/ Madam

I run a small Brisbane northside business which is largely dependent on traveling on our roads from the northside to the east, west and south. The toll charges keep going up and our business spends hundreds of dollars every month on this expense. Our vehicle expenses have dramatically increased this year. Surely the toll over the gateway bridge is no longer necessary since the works would have been paid a long time ago?

As these charges are making it that much harder to make enough profit to meet our financial obligations, I appeal to have these charges either reduced or scrapped. Surely we pay enough in taxes to cover the use of our roads?

Furthermore people are being ripped off for charges they didn't even know they incurred. This is not acceptable.
