Subject: Rip off Toll pricing

I'm registering my disgust with the price gouging for frequent travel on all Qld toll roads.

Our business is on site equipment servicing & our service/transport vehicle is 4 door 2009 Hilux ute. I hope that this enquire exposes the outright rip off on toll charges for a Trademan's Ute. How can a lightweight ute be toll at the same rate as a Medium Rigid Truck which is twice the length & at least 4 to 5 times the weight of a 4 door ute.
