---

I would like all road and motorway tolls removed in Queensland.

The company that collects the tolls has shown themselves to be sneaky and dishonest. They send out bills with threats of taking away people's Drivers Licences and they add on huge percentages for overdue payments.

This company appears to do whatever it likes without fear of Government. A complaint to the Ombudsman is just a waste of time.

I believe that there are roads, tunnels and motorways that are paid for but tolls are still being charged. Please stop this, we are being cheated.

I would like the Queensland Government to take action to remove all tolls.

Mrs C Guthrie
