---

To whom it may concern:

These are my issues;

1. End the relationship between the Toll Company and SPER. It is not any Government's role to act as a debt collector for any private organisation.
2. End the ability of the toll company to add rip-off interest charges (fines) to unpaid tolls.
3. Insist a serviceable physical Brisbane Office is set-up with a well-publicised STREET ADDRESS and insist upon a LOCAL Call-Centre.
4. Most importantly of all end Transurban's monopoly.

Thank You for this opportunity to have my say.

Mark Davidson
