---

Good morning, my name is Richard Lacey and I reside at [REDACTED]

The traffic situation around Brisbane has become ludicrous, you only need to look at the South East Freeway (just look out the window of the George Street complex – no need for expensive traffic study) to see that peak hour now goes from 6am – 9am and from 2.30pm – 6pm. We need roads but we need people to be able to access them free of charge. There was once the argument that wages in Queensland were less than the rest of Australia because the cost of living was lower – that is well and truly gone now. It will cost me nearly \$20 to use the toll roads to the airport and home – so I don't.

Come on build roads with our very expensive registration money BUT don't toll them

Regards

Richard Lacey
