

## **Inquiry into the economic and regulatory frameworks for Queensland island resorts**

**Submission No:** 7  
**Submitted by:** Susann Vetma  
**Publication:** Making the submission and your name public  
**Attachments:** No attachment

### **Submitter Comments:**

Australian islands need to be kept in Australian hands. Foreign business interests should not be able to usurp the rights of Australian people who live on islands including limiting their ability to access the islands by sea or air.

### **Submitter Recommendations:**

Any existing leases or previous purchases of Australian islands are reversed to return control to Australian hands

## **Inquiry into the economic and regulatory frameworks for Queensland island resorts**
