I'd like to put my hand up to say the govt is wrong ..I will not send my kids to a rural school or range to learn how not to get paid! This is in the countries debt (stolen wages) How many black people own horses and pay vet bills?.?I will sit as a counsellor on yr board to say this is all [REDACTED] .. you treat our kids as stupid .. how many rip in jobs around mr priminister .. I say yes we relocate for programs but real programs not idealistic attitudes to remind us of our horrible past.. spend some money for our kids and actually change their lives I will help how's that
