

Inquiry into aged care, end-of-life and palliative care, and voluntary assisted dying

The Queensland Parliament's Health Committee is considering how aged care, end-of-life and palliative care are delivered for Queenslanders. The committee is also considering, and seeking views on, whether voluntary assisted dying should be allowed in Queensland.

We want all Queenslanders to have their say on these important issues. See the committee's issues paper for more information. Let us know your views below.

The committee is taking comments for the inquiry until 15 April 2019.
