QUESTIONS ON NOTICE

The following questions were asked on Wednesday, 27 October 1999. Answers are required by Sessional Orders to be hand delivered to the Bills and Papers Office, Room A.18.1, Parliament House by 5pm on Friday, 26 November 1999.

1451 MR LITTLEPROUD ASKED THE MINISTER FOR TRANSPORT AND MINISTER FOR MAIN ROADS (MR BREDDHAUER)—

With reference to my belief that there is a legal requirement to have a distinct boundary to railway corridors which has generally been in the form of wire fencing and within the last twenty years, the fences enclosing the Western Line through Western Downs were reconstructed at great expense and since then, railway maintenance crews have wantonly destroyed this valuable asset by cutting the wires indiscriminately to gain access from the roadway or by careless use of fire, in short, much of the fencing is now worthless and ineffective—

As there are very few cattle now ever moved on foot on stock routes or roadways beside the rail corridor, will he investigate an alternative to wire fencing to determine the boundary of the rail corridor or amend the legislation to make demarcation unnecessary?

1452 MR BLACK ASKED THE MINISTER FOR HEALTH (MRS EDMOND)—

(1) Is she aware of the growing incidence of patients presenting at public hospitals being turned away and referred to private practitioners?

(2) Is she aware of instances of patients being referred from outpatients or emergency sections in public hospitals, to doctors employed by that hospital with the right to private practice?

(3) Is this a result of a directive instigated by the Health Department, to shift the costs involved from State funding to Federal (via Medicare)?

With reference to the lengthy waiting times at the Hervey Bay branch of Queensland Transport—
