QUESTIONS ON NOTICE

*The following questions were asked on **Thursday, 9 November 2000**. **Answers are required** by Sessional Orders to be hand delivered to the Bills and Papers Office, Room A.18.1, Parliament House **by 5pm on Monday, 11 December 2000**.*

- 1308 **MR KNUTH** ASKED THE MINISTER FOR PRIMARY INDUSTRIES AND RURAL COMMUNITIES (MR PALASZCZUK)—

With reference to a recent letter forwarded to him concerning the Bureau of Sugar Experiment Stations (BSES) and its handling of plant breeders' rights—

What is the Government's intentions to the request to convert the BSES into a corporation in which shares are allocated to the industry participants to allow the industry to elect its own board of directors who will be directly answerable for their actions to the shareholders?

1309 DR PRENZLER ASKED THE MINISTER FOR POLICE AND CORRECTIVE SERVICES (MR BARTON)—

With reference to the police stations located at Boonah, Kalbar, Harrisville, Laidley, Forest Hill and Gatton in the electorate of Lockyer—

- (1) How much has his department spent on refurbishing these stations since June 1998?
- (2) How much has been budgeted for 2000–01 for each of the above stations for refurbishment?

- (4) What were the staffing levels at each of the above stations, uniformed, plain clothes police officers and administration staff at June 1998?
- (5) What are the staffing levels at each of the above stations, uniformed, plain clothes police officers and administration staff at November 2000?

1310 DR KINGSTON ASKED THE MINISTER FOR PRIMARY INDUSTRIES AND RURAL COMMUNITIES (MR PALASZCZUK)—

With reference to the current fish ladder on the Mary River barrage which was designed by Hamar Midgley and was, at that time, "state of the art". Hamar Midgley has been awarded an OA, and an honorary doctorate of science for his services to limnology. He was aware at the time of design that his fish ladder may not work. Equipped with his usual determination and ever enquiring mind he persistently demanded the aid of myself, and members of the local branches of ANSA and Sunfish to monitor the progress of fish up the fish ladder. This has resulted in some 18 years of observation by people with a genuine interest in and knowledge of fish. It is reported that currently a fisheries officer from Bundaberg is carrying out a pre-construction survey of the fish ascending Midgley's ladder—

- (1) Does this imply that the Minister believes that the selected fisheries officer can collect more data than the informal, but persistent observation by devoted fishermen over 18 years?
- (2) Does this imply that the Minister does not recognise the wealth of knowledge held within the responsible section of the fishing community and thus wastes Fisheries Department time and funds by consigning an officer to conduct a survey, when better results would be forthcoming by consulting the Tiara Land Care Group, ANSA, and Sunfish?

1311 MR PAFF ASKED THE MINISTER FOR EDUCATION (MR WELLS)—

With reference to the Brassall State Primary School—

- (1) What temporary replacement staff will be made available while these specialists are taking their much needed holidays?
- (2) Are there any alternative arrangements in place to cater for people who are waiting on the lengthy waiting lists when this situation arises; if not, does she think it is acceptable for patients to be put on hold whilst they have major concerns over issues such as cancer while the specialist takes a holiday?

1316 **MRS PRATT** ASKED THE DEPUTY PREMIER AND MINISTER FOR STATE DEVELOPMENT AND MINISTER FOR TRADE (MR ELDER)—

- (2) Will he ensure that the fare levels charged by Airtrain reflect a commercial rate of return on investment and not be subsidised by the taxpayer?
- (3) If the project is not commercially viable, will the Government provide financial support for the project?

1321 **MR SLACK** ASKED THE MINISTER FOR PRIMARY INDUSTRIES AND RURAL COMMUNITIES (MR PALASZCZUK)—
