Minister for State Development (Mr Barton)—
Report about Minister's decision to change conditions of a development approval under the Integrated Planning Act 1997, development applicant Stadium Redevelopment Authority

11 MINISTERIAL NOTICE OF MOTION
Premier and Minister for Trade (Mr Beattie) gave notice that he will move – That the House endorse the draft code of conduct for election candidates which has been circulated in the Chamber, viz—

DRAFT CODE OF CONDUCT FOR ELECTION CANDIDATES

Purpose of the code
The purpose of the Code is:
(a) To maintain public confidence in the electoral process by promoting conditions conducive to the conduct of free and fair elections; and
(b) To provide general guidance to candidates on what is fair and reasonable conduct in elections, thereby ensuring candidates know what is required of them.

The code applies to all candidates for state elections (independents and candidates endorsed by parties).

A “candidate” is any person who is publicly identified as a candidate in a state election, either by the candidate’s party, or through the actions of the person in the case of independent candidates. The Code applies to candidates who are so publicly identified before they are formally nominated as a candidate under the Electoral Act 1992.

The Code binds candidates personally, and not their agents. Candidates are expected to make all reasonable efforts to ensure their campaign workers are aware of and observe the standards of conduct set by the Code, and of the public interest in free and fair elections.

How election candidates shall conduct themselves.
Candidates shall conduct themselves and their campaigns so as to maintain and strengthen the public’s trust and confidence in the democratic election process, and promote integrity in our electoral system.

Candidates conduct should be fair and reasonable. This requires that a candidate will:
(a) Act honestly in making representations about the candidate's own claims for election, and their intention to represent the electorate.
(b) Refrain from knowingly acting dishonestly in making representations about the claims of other candidates for election.
(c) Avoid making public statements which the candidate knows, or ought to know, are untrue, about an opponent's personal affairs.
(d) Avoid making vexatious complaints to the Crime and Misconduct Commission against an opponent during a campaign.
(e) Avoid conduct which is contrary to state or Commonwealth law including but not limited to:
Votes and Proceedings No. 125 – Tuesday, 19 August 2003

- racial and religious vilification offences under the Anti-Discrimination Act 1991;
- official misconduct under the Crime and Misconduct Commission Act 2001;
- Criminal Code offences; and

(f) Avoid conduct which would tend to compromise a free and fair election process.

'(3) However, if the thing was done because of the expiry, this section is subject to section 10A.

‘10A Saving of acts done due to expiry

'(1) The adoption of the Commonwealth Act under section 5 during the expiry period does not apply to an act done by a local registration authority during the expiry period if the act—

(a) was done because of the expiry; and

(b) was valid when done; and

(c) would, except for the expiry, be invalid if the Commonwealth Act were applied to it.

Example—

If the lodgement of a notice was refused because of the expiry, the adoption of the Commonwealth Act under section 5 does not apply to that refusal so as to make it invalid.

'(2) Without limiting subsection (1), the adoption of the Commonwealth Act under section 5 during the expiry period does not apply to the extent of requiring the counting of any period for the purposes of part 3 of the Commonwealth Act during the expiry period.

Example if notice given before expiry period—

If a notice was lodged under part 3 of the Commonwealth Act before the expiry period and a local registration authority did not deal with the notice during the expiry period, no part of the expiry period is counted in deciding the period that has passed since the notice was lodged. The counting of the period recommences on the enactment of this Act.

Example if notice given during expiry period—

If a notice was purportedly lodged under part 3 of the Commonwealth Act during the expiry period and a local registration authority did not deal with the notice because of the expiry, no part of the expiry period is counted in deciding the period that has passed since the notice was lodged. The counting of the period recommences on the enactment of this Act.

'(3) Subsection (2) does not apply to the counting of a period by a local registration authority for the purposes of part 3 of the Commonwealth Act, if the local registration authority counted the period despite the expiry.

'(4) In this section, a reference to the doing of an act includes a reference to the making of an omission.

'(5) In this section—

‟expiry‟ means the expiry of the previous Act.

‟expiry period“ means the period between the expiry and the commencement of this section.

‟local registration authority“ means a local registration authority as defined under the Commonwealth Act in relation to Queensland.

‘10B Limitation of liability

'(1) A person is not liable for any loss or damage arising from anything to which section 10(2) applies if the person would not have been liable for the loss or damage if the previous Act had not expired before the thing was done or purported to be done.

'(2) A person is not liable for any loss or damage arising out of any act of a local registration authority during the expiry period to the extent the act is done—

(a) on the basis that the previous Act had expired; or

(b) on the basis that the previous Act had not expired or as if the previous Act had not expired; or

(c) on the basis that the Commonwealth Act would again be adopted for Queensland, whether or not for the expiry period.

'(3) In this section—

‟expiry period“ means the period between the expiry of the previous Act and the commencement of this section.

‟local registration authority“ means a local registration authority as defined under the Commonwealth Act in relation to Queensland.

‟person“ includes the State and a local registration authority.

‘10C Transitional regulation-making power

'(1) A regulation (a “transitional regulation”) may make provision about a matter for which—

(a) it is necessary to make provision—
(i) to allow or facilitate the doing of anything to achieve the transition from the operation of the previous Act to the operation of this Act; or
(ii) without limiting subparagraph (i), to provide for anything done or not done between the expiry of the previous Act and the enactment of this Act; and
(b) this Act does not make provision or sufficient provision.

(2) A transitional regulation may have retrospective operation to a day not earlier than 1 May 2003.
