STATEMENT BY SPEAKER – NEW NOTICE PAPER

Mr Speaker made the following statement—

'Honourable Members—

A new Notice Paper has been produced today. It combines information previously contained in two separate documents: the Notice Paper and the Daily Program.

The Notice Paper is now the only agenda document for the business of the House.

The new Notice Paper incorporates the sitting program and contains more detailed information about the Orders of the Day. The electronic version of the Notice Paper provides links to Bills, Explanatory Memoranda, and debates.

This is part of an initiative to deliver more modern, user friendly and integrated documents relating to proceedings of the House.'
It has only occurred following extensive consultation with Honourable Members and other stakeholders, who supported the proposals.

Of course, the Clerk and I welcome further feedback from Members about the new Notice Paper.

**STATEMENT BY SPEAKER – GENERAL SECURITY PLAN**

Mr Speaker made the following statement—

'Honourable Members—

I have issued a memorandum to all Honourable Members, advising that I have approved a revised General Security Plan.

As part of implementing the revised General Security Plan, all existing Parliamentary access cards are to be replaced. The effect is to reduce the number of access cards on issue to those with frequent need for access to the Parliamentary precinct.

The General Security Plan sets out my policy decision about who can be issued with a Parliamentary access card, and the access permissions for particular categories of access card.

I would remind Honourable Members that all current access cards must be returned by this Friday 17 February, when existing cards will be de-activated.

I trust that all Members will appreciate the need for this course of action and I would ask all Honourable Members to arrange for access cards to be replaced by the end of this week.'
