NOTICES OF MOTION

1. That this House notes that—
   1. Bundaberg Regional Council, like all Queensland regional councils, have been forced by this State government to fluoridate its water supplies.
   2. State funding will only cover the fluoride treatment of 30% of water which comes from surface supplies and fails to include funding for the 70% of water supplied from underground sources.
   3. Bundaberg Regional Council, like all Queensland regional councils, will be forced to increase rates to pay for an initiative which many rural and regional Queenslanders do not want.

   And calls on the Premier to scrap the forced fluoridation of regional and rural water supplies and redirect the allocated funds to, as Councillor Allan Bush suggests, spending the money on improving overall water quality.

   Notice given: Member for Burnett (Mr Messenger)
   Date: 27 October 2010
   Status: To be debated.

2. That this House notes that—
   1. Draft Wide Bay Burnett Regional Plan whose purpose is to control, manage and shape regional growth, has been released by this government.
   2. The plan, if implemented in its current form, has the potential to destroy the thoughtful plans and hopes of many Burnett communities, including Coral Cove, Elliot Heads and Childers and make some ‘lucky’ people multimillionaires overnight.
   3. The plan is managed and overseen by powerful state public servants who do not have to disclose their pecuniary interests, unlike democratically elected members of council and Parliament.
   4. The plan will limit the power of local councillors to make transparent, honest decisions, regarding regional growth and increases the potential for corruption and maladministration.

   And calls on the Premier to scrap the draft plan, start again and negotiate a better more transparent and honest way to manage growth, with all the democratically elected local representatives in the Wide Bay-Burnett.

   Notice given: Member for Burnett (Mr Messenger)
   Date: 28 October 2010
   Status: To be debated.

3. That this House notes that—
   Leading barrister and former Royal Commissioner, Tony Morris QC has written—
   ‘1. The unwinnable debate for Labor is whether the Bligh Government has a mandate for the greatest sell-off of public property in the state’s history, plainly they don’t.'
2. It is up to the LNP opposition to guarantee that the voters’ voices will eventually be heard. The opposition can do this by announcing that the next election will be a referendum on the asset sell-off.

And calls on the Leader of the Opposition to support a policy action as Morris QC suggests that, ‘if elected, they will compulsorily reacquire the assets that this government has sold and that they will do so at no cost to the taxpayer’.

Notice given: Member for Burnett (Mr Messenger)
Date: 23 November 2010
Status: To be debated.

4. That this House calls on the government to increase the patient transport and accommodation subsidy for rural and regional patients to better reflect the real costs associated with travelling to alternate health facilities.

Notice given: Member for Nanango (Mrs Pratt)
Date: 24 November 2010
Status: To be debated.

5. That this House notes—
   1. This government allows same-sex couples, including transvestites, to become approved foster carers for children under the protection orders of the state without seeking permission from any of those children’s next of kin or close relatives.
   2. This government has failed to explain why accredited Queensland foster carers do not have to meet the same social and personal relationship standards that are required of adoptive parents, that is, committed heterosexual couples who have been in long-term de facto relationships or who are married.

And calls on this government and the official opposition to support a policy of official accreditation of foster carers which puts the interests of children before the interests of minority groups and policies of political correctness.

Notice given: Member for Burnett (Mr Messenger)
Date: 24 November 2010
Status: To be debated.

6. That this House notes—
   1. That in 2009-2010 the CMC received 3,136 allegations including assault, corruption and favouritism, sexual assault and official misconduct from a total of 12 departments.
   2. That the CMC received allegations from staff including:
      - 9 regarding Department of Premier and Cabinet;
      - 140 – Transport and Main Roads;
      - 487 – Communities;
      - 387 – Community Safety;
      - 498 – Education and Training;
      - 157 – Employment, Economic Development and Innovation;
      - 105 – Environment and Resource Management;
      - 7 – Infrastructure and Planning;
      - 94 – the Department of Justice and Attorney-General;
      - 118 – the Department of Public Works;
      - 5 – Treasury; and last but not least
      - 1,118 allegations (35% of total complaints) regarding Department of Health.

And calls on the Deputy Premier and Minister for Health to detail for the House the number of allegations referred back to Queensland Health from the CMC and the number of staff who made allegations to the CMC and who are no longer employed by his department.
