

Speech By
Curtis Pitt

MEMBER FOR MULGRAVE

**REFERRAL TO THE TRANSPORT, HOUSING AND LOCAL GOVERNMENT
COMMITTEE: MOTION**

 **Mr PITT** (Mulgrave—ALP) (9.52 am): I wish to add my support to this matter going to the committee. As a cyclist, I want to put on the record that this is an important issue to be discussed. We know that road building is including the important area of new roads incorporating extra room for cyclists, and that is a wonderful thing. It is a shared responsibility of all road users, not just cyclists but also, of course, motorists. It is important to have that there.

This has been brought about by a tragic circumstance in the Cairns region, the death of Tanya Roneberg, and it is pleasing to see that it is getting the attention it deserves. This matter was raised by the member for Barron River in this place and it is an important initiative. I look forward to the committee's findings.
