MOTION OF CONDOLENCE

Ardill, Mr LA

 **Madam SPEAKER:** Honourable members, before I ask you to pass this motion by standing silently, I wish to add my words of condolence to the family of Len Ardill, and particularly to Mrs Noelene Ardill. Much has already been said about the character that was Len, but there is a great deal of respect for the legacy that he left through his work, particularly with what he did with road safety with Travelsafe. That is an ongoing legacy that is having an impact in the state today, and it is one which I know, as a member in this place, that we greatly respected. Vale. Will honourable members indicate their agreement by standing in silence for one minute.
