

Speech By
Hon. Stirling Hinchliffe

MEMBER FOR SANDGATE

Record of Proceedings, 28 October 2015

MOTION

Referral to the Health and Ambulance Services Committee

Hon. SJ HINCHLIFFE (Sandgate—ALP) (2.41 pm), by leave, without notice: I move—

That the Health and Ambulance Services Committee inquire into licensing arrangements that affect the sale and use of tobacco in Queensland.

That, in undertaking this inquiry, the committee should consider: what arrangements currently apply in Queensland with respect to licensing the wholesale and retail supply of tobacco products; what licensing arrangements apply in other states and territories for the wholesale and retail supply of tobacco products; and the capacity for licensing arrangements for tobacco wholesalers and retailers to support broader public health objectives.

Further, that the committee report to the Legislative Assembly by 29 April 2016.
