 **Mr HARPER** (Thuringowa—ALP) (10.12 am): I lay upon the table of the House report No. 24 of the Health, Communities, Disability Services and Domestic and Family Violence Prevention Committee titled *Subordinate legislation tabled between 30 March 2019 and 29 April 2019*.

Tabled paper: Health, Communities, Disability Services and Domestic and Family Violence Prevention Committee: Report No. 24, 56th Parliament, Subordinate legislation tabled between 30 March 2019 and 29 April 2019 [1281](#).

The report summarises the committee's findings regarding the Hospitals and Health Boards Regulation 2012, which enables the sharing of confidential information between Queensland Health and the National Injury Insurance Agency Queensland, and the Public Health Regulation 2018, which prescribes as a public health risk places that are at risk of having been contaminated because they have been used to unlawfully produce a dangerous drug or store chemicals associated with unlawful drug production. I commend the report to the House.
