**MOTION**

**Business Program**

 **Mr POWELL** (Glass House—LNP) (11.19 am): As with just about every sitting week when we have these business program motions, the LNP will be opposing this motion for the same reason we do each and every time. It is a sham. It is a guillotine by another name.

**Mr Harper** interjected.

**Mr POWELL:** The only ones checked out are the Labor government, who cannot sit long enough to do what they are elected to do and debate legislation. The only one checked out is the Premier, who wants to take off early on a Friday to spend more time on red carpets around the state. The LNP will not be supporting this motion.
