**MOTION**

**Business Program**

 **Mr POWELL** (Glass House—LNP) (11.20 am): I too will make a brief comment on the business program motion. The LNP opposition will be opposing it on the grounds that, as per normal, we will see elements of this week's agenda guillotined, including the Births, Deaths and Marriages Registration Bill that is currently being debated. On my reading of the speaking list before me, debate on the bill will not be concluded by the time it is guillotined at 6.55 this evening. On those grounds we will not be supporting the motion.
