NOTICES OF MOTION

Path to Treaty

Mr ANDREW (Mirani—PHON) (9.33 am): I give notice that I will move—

That this House:

1. notes that nearly 70 per cent of Queenslanders voted 'no' in the federal 'Voice' referendum—the highest 'no' vote of any state or territory in the country.
2. notes that the government currently has no mandate for negotiating or entering into binding treaties with groups appointed to represent Queensland's tribal peoples.
3. calls on the government to repeal its 'Path to Treaty Act, with all moneys held in the \$300 million dollar 'Path to Treaty' Fund, diverted towards helping vulnerable Queensland households, families and workers, faced with one of the worst cost-of-living crises in the state's history.
