

Question on Notice

No. 239

Asked on 19 March 2024

MR S MINNIKIN ASKED MINISTER FOR TRANSPORT AND MAIN ROADS AND MINISTER FOR DIGITAL SERVICES (HON B MELLISH)—

QUESTION:

Will the Minister advise the date that the business case for the Direct Sunshine Coast Rail Line project was provided to Infrastructure Australia and when the Minister expects them to finalise their assessment?

ANSWER:

I thank the Member for Chatsworth for the question.

The Direct Sunshine Coast Rail Line business case was formally provided to Infrastructure Australia on 23 February 2024 for assessment.

Infrastructure Australia is an agency of the Australian Government, led by an independent Board and Chief Executive Officer. The Queensland Government does not determine the assessment process and timeframes for Infrastructure Australia's review of business cases.
