DR M ROBINSON ASKED MINISTER FOR TRANSPORT AND MAIN ROADS AND MINISTER FOR DIGITAL SERVICES (HON B MELLISH)—

QUESTION:

Will the Minister advise the total budgeted cost for artwork for the Cross River Rail stations?

ANSWER:

I thank the Member for Oodgeroo for the question.

There are 14 pieces of art from 13 highly-renowned and celebrated Indigenous artists being installed in total.

Station art was a requirement built into the major contract for the four new underground stations awarded in 2019 and the cost is included in the construction cost of each station.

The specific details around cost, compensation and usage rights for each artwork is a matter between the artist and the contractor and is commercial-in-confidence.
