**PRIVILEGE.**- Mr Veivers rose on a matter of Privilege. Mr Veivers said - "Yesterday, the Minister for Tourism, Sport and Racing grossly misled the House in a document tabled on his behalf. The Minister sought to justify his visit to the Lindsay Park Stud late in 1988. He claimed that he had been able to glean a wealth of knowledge and information about various aspects of the racing industry, particularly the operations of the Equitrack. I seek leave to table a copy of the statutory declaration. That declaration makes it clear that the Equitrack at Lindsay Park was laid in August of 1990 - some 20 months after the Minister's visit. The declaration further states that the decision to lay the track was made in 1989. The Minister could not have gleaned knowledge of the operations of a facility which was not yet in existence. He has clearly misled this Parliament and he must be dealt with immediately by the Premier. The ball is now in the Premier's court."
