

**Question on Notice  
No. 899  
Asked on 7 June 2005**

899 MR SPRINGBORG asked the Premier and Minister for Trade (Mr Beattie)—

**QUESTION:**

For 2004-05 will he provide details on (a) the number of assets that have been written off the capital items register, (b) a description of each asset that has been written off the capital items register, (c) the total value of assets written off the capital items register and (d) the reason why each asset has been written off the capital items register?

**ANSWER:**

From 1 July 2004 to 31 May 2005:

(a) the number of assets that have been written off the capital items register is as follows:

<b>Reason for Disposal</b>	<b>Number</b>
Transferred to other Departments	51
Replaced under a replacement program	377
Faulty equipment replaced under warranty	18
Refurbishment of Queensland Government Trade International Office – London	18
Other	14
<b>Total</b>	<b>478</b>

Assets were removed from the asset register throughout the year due to the transfer of functions to other departments, the regular replacement of assets as they reach the end of their useful life and the replacement of faulty IT equipment under warranty. The department also disposed of superseded furniture and fittings in Queensland House in London as part of the Office's refurbishment. The furniture fittings were assessed to have no commercial value and were disposed of by way of scrapping by the contractor undertaking the refurbishment of Queensland House with the exception of a sofa which was sold.

The department processed four adjustments to the asset register as a result of stocktake discrepancies. The adjustments related to equipment believed disposed of by auction/trade-in or transfer but not recorded as such on the asset register. No improper activity was suspected in any of these instances.

The department disposed of five damaged assets during the financial year. The assets were deemed not viable to repair.

Five laptops were stolen from the London Queensland Government Trade and Investment Office while it was housed in temporary premises during the refurbishment of Queensland House.

The thefts were reported to the Charing Cross Police, London. Written notice was provided to the Executive Director, Audit and Evaluation Services and the Director, Financial Management. The loss was advised to the Director-General by the Deputy Director-General, Trade and International Operations.

(b) a description of each asset that has been written off the department's assets register is contained in the attached spreadsheet;

(c) the total written down value of assets written off the assets register is \$305,008.74 (GST Exclusive) and is comprised of the following:

<b>Reason for Disposal</b>	<b>Written Down Value GST Exclusive</b>
Transferred to other Departments	101,238.72
Replaced under a replacement program	125,019.50
Faulty equipment replaced under warranty	60,695.00
Refurbishment of Queensland Government Trade International Office - London	3,430.28
Other	14,625.24
<b>Total</b>	<b>305,008.74</b>

(d) the reason each asset has been written off the assets register is contained in the attached spreadsheet.
