

Question on Notice
No. 491
Asked on 30 March 2006

MRS STUCKEY asked the Minister for Emergency Services (MR PURCELL) -

QUESTION:

With reference to proposed uniform changes for Queensland Ambulance Communications Officers — Will he advise of his response to the written requests of ambulance service personnel in respect of this issue?

ANSWER:

I am advised by the Commissioner, Queensland Ambulance Service that he recently met with Communications Officers and the Liquor Hospitality and Miscellaneous Workers Union, which is the recognised representative organisation for communications officers, to finalise this matter.

The result of this consultation was that all parties were agreeable and satisfied with the outcome which included a commitment by the Commissioner to conduct another staff survey.
