

Question on Notice

No. 648

Asked on Tuesday 9 May 2006

QUESTION:

Mr MCARDLE asked the Attorney-General and Minister for Justice (Mrs Lavarch) –

With reference to each Supreme and District Court located in Queensland with the exception of the Brisbane complex -

Will she advise for 2001-02, 2002-03, 2003-04, 2004-05 and 2005-06 to the date of her answer and each reported separately (a) the capital expenditure amount spent on each court and for what purposes, (b) monies spent in refurbishing the complex and details of for what purposes the monies were spent and (c) any monies spent on upgrading technology, including portable technology of whatsoever kind and details thereof?

ANSWER:

Except for the separate Supreme and District Court buildings in Brisbane, all court buildings in Queensland physically combine Supreme, District and Magistrates Courts in one building. In Townsville, although the buildings are partially physically separated, major building services are combined and the building is managed as a single entity.

It is not possible to differentiate the amount of expenditure on combined Supreme and District Courts facilities in their various locations.

Expenditure as outlined in Question on Notice 585 of 20 April 2006, highlights monies spent on the whole of the courthouse building and infrastructure in the locations listed.

In addition to over \$22 million expended on capital works, technology and refurbishment as set out in QON 585, listed below are monies spent on upgrading portable technology in the Supreme and District Court regional offices:

2001/2002

Cairns

Thermal label printer	\$1,004
