

Question on Notice
No. 723
Asked on 11 MAY 2006

MRS SCOTT asked the Minister for Health (MR ROBERTSON)—

QUESTION:

Will he outline the extent of dental services offered to children in the Woodridge Electorate?

ANSWER:

The Logan-Beaudesert Health Service District provides dental care through a network of community and hospital based dental clinics. General and emergency services for the school based services are provided by fixed and mobile facilities with Kingston Oral Health Centre, located in the grounds of Kingston State School, as the central communication point for this service.

Clients are eligible for school dental services if they meet the following criteria:

- 0-3 years of age with an entitlement card (i.e. on a Pension Concession Card or Health Care Card);
- 4 years of age up to and including Grade 10 (no entitlement cards needed); and
- Grade 11 and 12: with an entitlement card.

Eligible children can receive free dental treatment through the school dental clinics. Children will be seen on a rotational basis at either one of the 15 mobile dental facilities (vans) or a fixed clinic. The current recall is between 24 and 28 months, depending on the facility.

Eligible children with an emergency or toothache will be seen by appointment by contacting the Kingston Oral Health Centre on 3290 3906, who will redirect the client to the nearest facility.

Additional services such as orthodontics are provided for eligible clients at Kingston Oral Health Centre, with oral surgery and general anaesthetic services provided through Logan and Beaudesert Hospitals.

Table 1 lists the schools that have been treated since the beginning of 2005.

Table 2 lists the schools that have facilities currently located at them. This list is calculated using statistics from the previous recall.
