

**Question on Notice  
No. 676  
Asked on 22 May 2007.**

**MRS LIZ CUNNINGHAM MP asked the Minister for Child Safety (MS BOYLE) -**

**QUESTION:**

With reference to child safety services –

- (1) Where have new buildings or major refurbishments been carried out?
- (2) What is the value of each building project (reported separately)?
- (3) What new funding in this financial year has been allocated for staffing levels (by electorate)?

**ANSWER:**

(1) Where have new buildings or major refurbishments been carried out?

The Department of Child Safety has almost completed the largest office accommodation program in the history of child protection in Queensland.

The coming financial year will see the work of building and expanding offices continue to cater for our increased workforce, which has grown by 85 per cent since the new department started.

Please refer to Attachment 1 for a summary of the projects undertaken to date and those due to be completed shortly.

(2) What is the value of each building project (reported separately)?

Please refer to Attachment 1 for a summary of the projects undertaken to date and those due to be completed shortly.

(3) What new funding in this financial year has been allocated for staffing levels (by electorate).

Since 2004-05, the Government has invested significantly in the staffing of the Department, with the allocation for employee expenses increasing by \$67.8 million, or 73%, from \$93.3 million to \$161.14 million for the 2006-07 year.

The department has allocated \$11.3 million in employee expense funding in 2006-07 for additional permanent staff.

Please refer to Attachment 2 for the estimated allocation of those employee expenses by electorate. Positions have been prorated across electorates where they cannot be attributed solely to one electorate. New staffing has been allocated to take account of workloads and the needs of the various communities across Queensland in which we operate.

On top of this allocation for permanent staff, the department has allocated \$3 million in new funding of a temporary nature for temporary staff in 2006-07 to address Intake and Assessment Backlogs. These backlog teams are targeting particular areas across the state where backlogs exist. Those resources are flexible and are not dedicated to particular electorates.
