

**Question on Notice**

**No. 1567**

**Asked on 29 October 2008**

Mr Langbroek asked the Minister for Education and Training and Minister for the Arts (Mr Welford) —

**QUESTION:**

Will he provide (listed individually) the student number capacities for each State school and State college in Queensland?

**ANSWER:**

Our Government works with schools and their communities to identify and meet long-term enrolment projections - often over a 20 year horizon.

A high utilisation rate of schools (such as 90 per cent) not only reflects effective planning, but also the efficient utilisation of these significant community resources.

The Department of Education, Training and the Arts also has arrangements in place for school principals to manage enrolments and identify the need for additional facilities.

These arrangements ensure that schools are able to meet student enrolment demand - including any unexpected enrolment growth.

These arrangements include the use of Enrolment Management Plans that give enrolment priority to local students.

The provision of additional relocatable classrooms, where necessary, assist in meeting short-term needs and new schools and additional facilities are constructed where necessary, particularly in fast growing communities.
