DR FLEGG asked the Minister for Public Works and Information and Communication Technology (MR SCHWARTEN)-

QUESTION:

Will he provide a list of all Queensland State Schools that have had asbestos removal projects in the last 12 months, and, if available, list the cost of each of the projects separately?

ANSWER:

The Department of Public Works, through QBuild, undertakes asbestos removal work at the request of the Department of Education and Training.

As the Department of Education and Training is responsible for the administration and funding of the Asbestos Floor Replacement Program and Asbestos Containing Material Program related works at State Schools, it is not appropriate for me to provide this information.
