No. 1803
Asked on 12 November 2009

MR DICKSON asked the Premier and Minister for the Arts (MS BLIGH) -

QUESTION:

What has been the non-capital costs and expenses of the Traveston Crossing Dam project on a whole-of-government basis?

ANSWER:

As outlined in the *Mid Year Fiscal and Economic Review 2009-10* which was released by the Treasurer and Minister for Employment and Economic Development on 4 December 2009, the Commonwealth Government's decision not to approve the Traveston Crossing Dam project will require the State Government to budget for \$265 million in expenditure on the Dam project which is considered to be non-recoverable.
