MR CRANDON asked the Deputy Premier and Minister for Health (MR LUCAS)-

QUESTION:

Will the Minister list all capital works projects announced by the department from 1 July 2006 to date, that exceed an original cost estimate of \$30m and have not yet been completed (listing separately for each project, the original cost projection and the current estimated cost for each project)?

ANSWER:

Excellent progress has been made on many projects announced by the Government since 1 July 2006.

Capital works projects that exceed an original cost estimate of \$30m and have been announced by the Government since 1 July 2006 are contained in the respective budget papers for 2006-07, 2007-08 and 2008-09.

With regard to the Member's query about the current cost estimates for projects that have not yet been completed, this information will be publicly released as part of the State Budget on 16 June 2009 in the Queensland State Budget 2009-10 Capital Statement. The Member should refer to this document for current cost estimates.
