MR DICKSON asked the Deputy Premier and Minister for Health (MR LUCAS)—

QUESTION:

What timeframes does the Minister deem reasonable to provide a substantive reply to issues raised by constituents or by a Member of Parliament writing on their behalf?

ANSWER:

I thank the Honourable Member for Buderim for his question.

However, the Question is hypothetical and asks for an expression of opinion, in contravention of Standing Order 115.

As the Member would appreciate, in my capacity as Deputy Premier and Minister for Health I receive thousands of letters each year, which I endeavour to respond to as swiftly as possible.

Should the Honourable Member have a particular concern about an item of correspondence, I would be pleased for him to provide my office with details so that I may arrange for the matter to be examined.
