

QUESTION ON NOTICE

No. 1966

asked on Wednesday 6 October 2010

MR DICKSON ASKED THE MINISTER FOR CLIMATE CHANGE AND SUSTAINABILITY (MS JONES)—

QUESTION:

With reference to energy reading equipment installed in homes as part of the Climate Smart initiative being removed and taken by residents elsewhere—

Will the Minister advise how many homes have had this Climate Smart equipment removed and taken?

ANSWER:

I refer the honourable member to my answer of your similar Question on Notice (1918) in which I have advised that the Department of Environment and Resource Management has only received one complaint of this matter.

Once again, I urge members of parliament to contact the service provider Local Government Infrastructure Services, the Department of Environment and Resource Management, or my office if they have become aware of any complaints regarding the ClimateSmart Home Service.
