

Question on Notice
No. 503
Asked on 23 March 2010

Mr McLindon asked the Minister for Education and Training (Mr Wilson) —

QUESTION:

What plans does the government have to increase and expand facilities at the Beaudesert State High School to deal with future growth given the school is currently at capacity?

ANSWER:

I thank the Member for his question and his interest in the Beaudesert State High School.

I have been advised by the Department that the school is currently not over capacity. For the start of the 2010 year, the school had an enrolment of 1,572 with a student capacity of 1,677.

If the school continues to grow in enrolments, additional accommodation will be provided to ensure that the capacity of the school meets the enrolment needs.
