Question on Notice No. 1045 Asked on 16 June 2011

MR NICHOLLS asked the Minister for Police, Corrective Services and Emergency Services (MR ROBERTS)—

QUESTION:

How many problem orientated partnership policing (POPP) initiative funding applications were approved by the Queensland Police in 2008-09, 2009-10 and 2010-11 and in which districts were the initiatives and how much funding was approved for each (reported separately by year, police district application approved and the amount of funding allocated to each)?

ANSWER:

Each financial year the Queensland Police Service sets aside \$275,000 for purposes of supporting proactive problem oriented policing initiatives. These funds are managed by the Office of the Commissioner.

At the commencement of the financial year, each Region and Command is provided with \$15,000 in Problem Solving funding which is utilised at the discretion of each Assistant Commissioner.

Applications for remaining funds are assessed by an internal committee on a case by case basis. The attached tables contain details of problem oriented policing initiatives approved through this process.

Breakdown of 2008/2009 Central Problem Solving Funding*

Solving initiative "Weed it Out" Far Northern Cairns \$20,000	Problem	Region/Command	District/Branch	Funding
